DESIGN BY STORMO STUDIO

Coffee tables featuring a marble base by Margraf and metal trays in various shapes.

Tavolini caratterizzati da una base in marmo di Margraf e vassoi in metallo di varie forme.

Between Nature 20

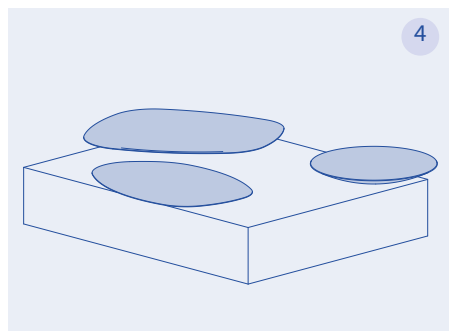

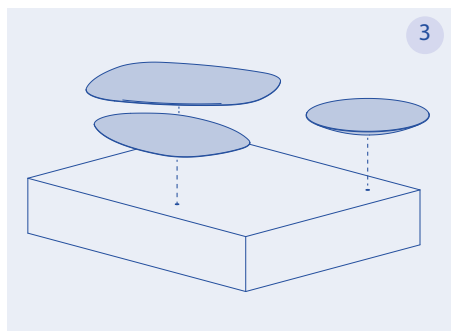

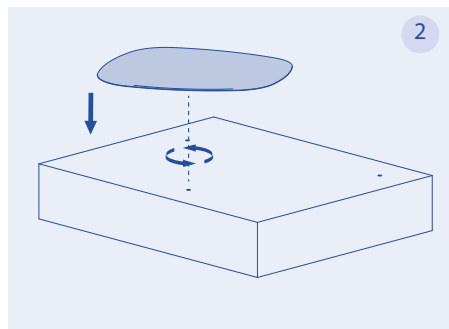

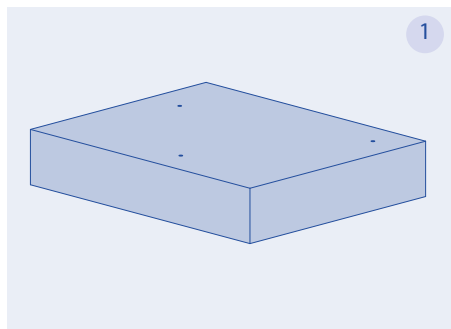

Between Nature 40

Tools for a correct assembly: Allen keys for M6

Strumenti per un corretto montaggio: Chiavi a brugola per M6

Place the base on a flat, stable surface (fig. 1). Take the first tray and position it vertically. Align the threaded screw on the underside of the tray with the corresponding hole in the base. Insert the screw into the hole and rotate the tray clockwise until it is fully tightened and securely fixed in place (fig. 2). Repeat this process for each additional tray (fig. 3). Once all trays are securely attached, the product is fully assembled and ready for use (fig. 4).

Posizionare la base su una superficie piana e stabile (fig. 1). Prendere il primo vassoio e mantenerlo in posizione verticale. Allineare la vite filettata situata sul lato inferiore del vassoio con il foro corrispondente sulla base. Inserire la vite nel foro e ruotare il vassoio in senso orario fino al completo avvvitamento, assicurandosi che sia ben fissato (fig. 2). Ripetere la stessa procedura per tutti i vassoi (fig. 3). Una volta montati correttamente tutti i vassoi, il prodotto è completamente assemblato e pronto all'uso (fig. 4).
